

**Toole County Planning Board
Resolution Adopted 03-29-16 at Toole County Planning Board Meeting
Recommendation to Board of County Commissioners regarding
Adoption of Toole County Growth Policy**

Resolved, that the Toole County Planning Board recommend the Board of County Commissioners adopt the proposed growth policy as submitted to the planning board in a draft dated 03-14-16, with corrections for typographic or grammatical errors as necessary, and with the following additional change to Action Step 1.4, Objective 1, Goal 1, (shown as original text and planning board changes in red as underline for additions and strike-outs for deletions)

Plan for the future of county-owned property, including the county fairgrounds, in the Targeted Economic Development (TED) District located adjacent to the Port of Northern Montana property. ~~The TED District is focused on industrial development with access to rail. The TED District includes the county fairgrounds and other county-owned parcels. The county should consider the highest and best long-term use of these properties and implications for the tax increment financing that exists in the TED.~~
